

Reading a Seed Packet

Name _____

What is the name of the seeds?

When should the seeds be planted?

How far apart should the seeds be planted? Look for seed space, not row space. _____

How deep should the soil over seeds be? _____

How long will the seed take to germinate? _____

How many days after the seeds are planted will the food be ready to harvest? Look for the words "matures in."

Draw and color the seed packet.
